Reading the table. Every time is shown in that region's own local clock. Check the **day** as well as the hour — across the Americas the deadline falls on Wednesday night or in the small hours of Thursday, so anyone waiting for "Thursday morning" will find registration already closed. Arizona does not observe daylight saving, so it runs an hour behind the rest of the Mountain zone. The shaded row is the meeting venue, given for reference.

If your details are wrong on the list. The one-time password is sent to the mobile number and email held against your name on the official e-voting list. Write to **evote@mosc2026.org** with your name, parish, member ID and your correct mobile and email before registration opens.
